

# INPA Young Scientist Colloquium Series

*Regular seminar series . . . .*

## Inviting The Young Speakers

We warmly invite young faculty members, postdoctoral researchers, research scholars, and early career scientists to present seminars in nuclear physics and related fields

-  Fostering scientific interaction and exchange of ideas
-  Highlight the recent works of the young researchers
-  Encourage collaboration and make contacts
-  One seminar of about 30-40 minutes every month
-  Recorded seminars will be available on our youtube channel

Prospective speakers are requested to fill in the Google form:  
<https://forms.gle/8WmLZqho3MWCpVCa9>
